⚡ AI-POWERED SIGN EXTRACTION

EXTRACT SIGN DATA FROM ARCHITECTURAL PLANS IN SECONDS

Upload PDF drawings and let AI automatically identify every sign, extract specifications, and generate a complete takeoff ready for estimating.

DUAL AI SCAN

Text + visual raster scan catches every sign — even those buried in floor plan callouts.

REVIEW & VERIFY

Confidence scores and source badges let you quickly validate extracted data.

EXPORT READY

Download a structured Excel takeoff with By-Sign-Type and By-Sheet breakdowns.

95%+

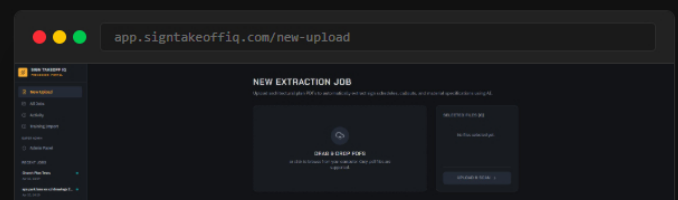

HIGH CONFIDENCE

SECONDS

NOT HOURS

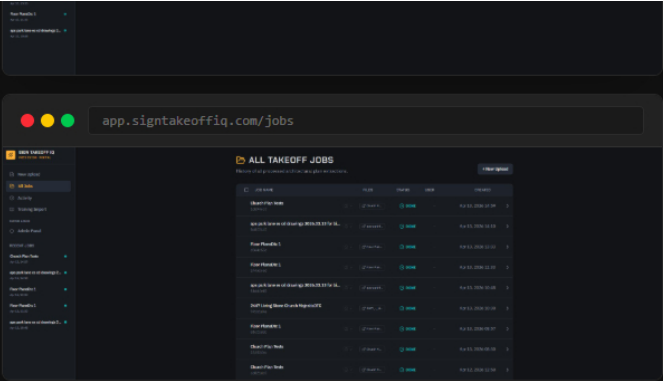

01 — UPLOAD & SCAN

DRAG, DROP, SCAN IN SECONDS

Upload architectural PDFs and let dual AI — text extraction + visual raster scan — find every sign on every sheet automatically.

- ✓ Drag & drop PDF upload
- ✓ Dual AI: text + visual raster scan
- ✓ Multi-sheet support
- ✓ Job history with status tracking
- ✓ Real jobs: Church Plan Tests, APS Park Lane ES, Living Stone Church

02 — MARKED-UP FLOOR PLANS

106 MARKERS. ONE PLAN. SECONDS.

Every sign location is marked directly on the architectural plan with an amber pin. Click any marker to jump straight to its data entry — nothing falls through the cracks.

- ✓ Amber markers on every sign location
- ✓ Click marker → jump to exact plan position
- ✓ Add Marker for missed signs
- ✓ Edit Markers to correct or remove
- ✓ Re-Scan if needed with one click

Needs Review

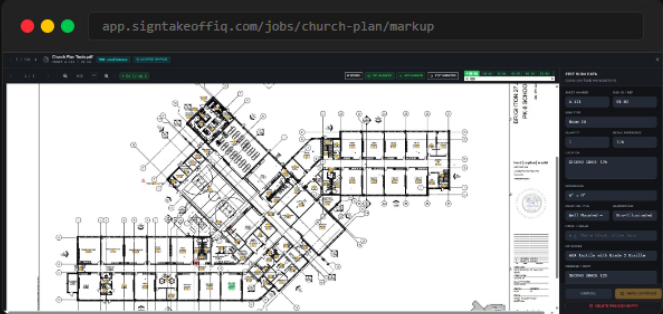

03 — EDIT SIGN DATA

CLICK ANY SIGN. EDIT EVERY DETAIL.

AI pre-fills every field from the plan. Review, correct, or confirm — sheet number, sign type, dimensions, mounting, materials, and message copy are all extracted and editable.

- ✓ Sheet number and Sign ID auto-assigned
- ✓ Sign type, qty, location, dimensions pre-filled
- ✓ Mounting type & illumination extracted
- ✓ Materials: "ADA Tactile with Grade 2 Braille"
- ✓ Message copy pulled from plan callout
- ✓ 90% confidence badge per entry

✓ 90% CONFIDENCE · ADA TACTILE · SHEET A-111

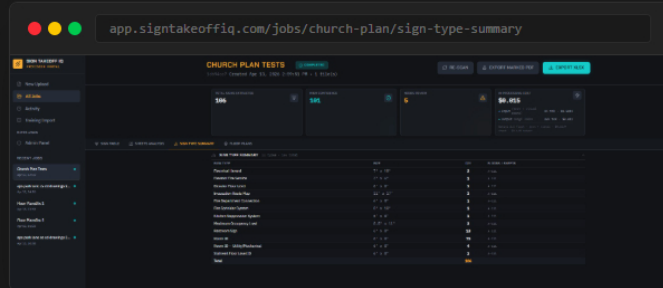

04 — SIGN TYPE SUMMARY

12 SIGN TYPES. 106 SIGNS. INSTANT.

Every sign type broken out automatically — quantities, dimensions, sheet references — all structured and ready to copy into your estimate.

SIGN TYPE	SIZE	QTY
Room ID	6" x 8"	75
Restroom	6" x 8"	13
Evacuation Route Map	11" x 17"	2
Electrical Hazard	7" x 10"	2
Fire Sprinkler System	6" x 10"	1
Total		106

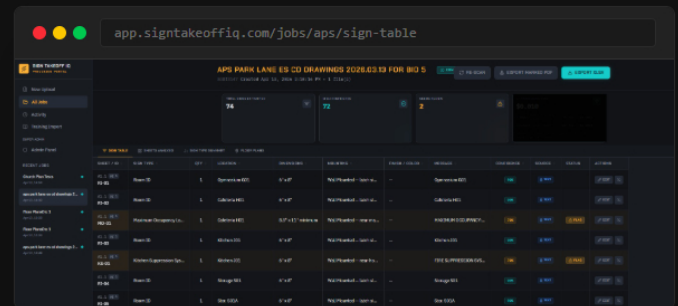

05 — SIGN TABLE & EXPORT

FULL TABLE WITH CONFIDENCE SCORES

Every extracted sign in a sortable table — confidence scores, source badges, and flag buttons let you review fast and export with confidence.

- ✓ Confidence % — 90%+ green, 70% amber warning
- ✓ Source badge: TEXT or VISUAL per sign
- ✓ Flag button for review items
- ✓ Edit any row inline
- ✓ Export Marked PDF
- ✓ Export XLSX with By-Sign-Type and By-Sheet tabs
